THERE are said to be over 23,000 Indians in the United States who can read English and over 10,000 who can read Indian languages.

The forest areas of Germany are returned as follows: Prussia, 6,000,000 acres; Bavaria, 2,800,000 acres; Wurttemberg, 470,000 acres; Saxony, 410,000 acres; and Baden, 235,000 acres.

Recent reports from the Salton Sea, in the Colorado Desert, are to the effect that there is no marked diminution of the water, notwithstanding the enormous evaporation, and it seems to have come to stay.

A New York bride refused to live with her husband upon discovering that he wore a glass eye. A foolish woman's "blind side" has much to do with preserving the peace of the family.

The production of molasses in Louisiana is so great that it does not pay to buy barrels to ship. Arrangements are now being made to burn it, mixed with some other substance, and thus save a great amount of coal.

It costs something to live and a good deal to die, in fact, everything costs. Some one estimates that getting born costs the people in the United States \$250,000,000 annually; getting married, \$800,000,000; and getting buried, \$75,000,000.

The Emperor William is not so engrossed with those new whiskers or in irritating other nations but that he gets time to decide that he likes the ballet girls best when they have the least starch in their clothes; and he does not like many clothes, either.

Regarding female models for artists the critics say that the French are undersized and have bad shoulders; the Germans have not classic faces and too broad hips; the Italians are not well rounded; the English are too tall, and the Spaniards are anatomically deficient.

William Jacobs, a machinist of Mecklenburg Township, Pa., has constructed the smallest locomotive in the world. It weighs but one and one-quarter pounds, and is a portion of an eight-day clock. Around the dial is a miniature railway track, and on this the tiny locomotive moves every five minutes.

It is charged that the loss of the United States steamer Dispatch was due to the excessive smartness of her commander, who had the habit of showing how close he could sail to the breakers without going aground. He succeeded finally in getting so close to them as seriously endanger his commission as a naval officer.

Two hundred and sixty-one years ago Boston first came into being. For years before there had been a few settlers on the Charles, and the cows had wandered over the peninsula in search of pasture and water, making for themselves paths through the bushes, which were developed into roads and then into the streets of the modern city. That is how it came about that the streets in the city proper are so crooked. Out in Roxbury, Dorchester and the new districts the streets are broad and straight, but in the heart of the city a stranger will lose himself in going two blocks.

Referring to the fact that photographs of the moon, taken at full, give that body an egg-shaped appearance, with the small end pointing towards the earth, a recent writer argues that this is not a proof that the planet is of that shape. According to this globular shape, according to this writer's reasoning, matter at the surface of the moon is acted upon by two important forces—the law of gravity would arrange the matter in a globe around the center, the moon alone considered, and the attraction of the earth, being always exerted in the same direction relative to the moon's center would constantly draw all fluid or plastic matter to the side next the earth.

An extraordinary conspiracy has been discovered in California state prison at San Quentin. This conspiracy had in view the release of 1,400 convicts. The authorities have not thus far been able to locate the dynamite and arms which they know positively to be concealed within the penitentiary wall. That a plot of this kind should have been hatched is not altogether surprising. For the prisoners are not only regularly supplied with daily papers, but are allowed to mingle freely with one another, to carry on conversations, and to form plans without the slightest supervision. San Quentin must, says the New York Tribune, appear to those who have enjoyed the less generous hospitality of Sing Sing, of Auburn, and Moyamensing, as a perfect paradise of a prison.

A Poor Smoker. Although in later life Napoleon was a votary of the snuff box, he was never known to attempt smoking but once. The Persian ambassador having presented him with a magnificent Oriental pipe, he wished to give it a trial. After being instructed how to proceed, he desired his attendant, Constant, to light it. It was accordingly properly charged and lighted. We will let Constant tell the rest of the tale. He obeyed, and returned to him. But scarcely had he drawn a puff when the smoke which he did not know how to expel from his mouth, turned back by his palate, penetrated into his throat, and came out by his nose, nearly blinding him. As soon as he recovered breath he exclaimed: "Take that away—that abomination! The brutes! My stomach is quite upset!" In fact, he was so annoyed for more than an hour that he renounced forever all desire to try the experiment again.

Rapids this afternoon to hold a term
of court, the first one Itasca county
has ever had.

Deputy Warden Paine captured
four 85-foot gill nets at Cullen lake
on Saturday. The fishermen made
themselves scarce.

A building and loan association has
just been organized at Little Falls,
and Ed. Mahan, formerly of this city,
is one of the directors.

Mr. and Mrs. John Vorge enter-
tained a large party of their friends
last evening, the occasion being the
twentieth anniversary of their mar-
riage.

The water company is at work mov-
ing the five or six hydrants in differ-
ent parts of the city from the middle
of the side walks, and placing them
where they belong.

Gardner's new hall was used for the
first time last night by Canton Adar.
The hall is superbly arranged for
dances and banquets, and will prob-
ably come into general use on such
occasions.

W. S. McMenahan has returned
from his hunting trip up the river,
leaving the balance of the party in the
woods. The party did not meet with
the success anticipated, although some
very good shooting was had.

R. H. Paine has a large force of
men at work on the sewer extension
from 6th street on Main to the county
and city jail. The trenches are dug
and the pipe is expected to-day when
the work will be completed.

Canton Adar No. 10, Patriarch's
Militant, gave their second annual
ball last evening at Gardner Hall, and
it was one of the most enjoyable so-
cial events of the season. Whitford's
orchestra furnished the music.

D. W. Whitford has rented the
Davis building on Front street, near
the new location of the post-office, and
is fitting the same up for the reception
of his harness shop which will be
moved there as soon as convenient.
B. Whitford will also occupy half
of the building with his tailoring estab-
lishment.

C. H. Douglas returned from Cassel-
ton, Dakota, this morning where he
has been for some time. He says that
the wages are from \$2 to \$2.50 per
day, and that the scarcity of laborers
is retarding the work, and that from
two to three thousand men could find
employment there.

There are several rumors rife in re-
gard to the train service to be inau-
gurated Nov. 1st, at which time the
two through trains will be taken off.
One is a train will leave Fargo at
midnight, reaching Brainerd at 6 a.
m., for St. Paul, and going west the
train from St. Paul will arrive at 12:30
p. m. This will be an improvement
over the present service.

Alex. McNaughton, who left for
Milwaukee on Thursday to enter a
business college there, was tendered
a reception the evening previous at
the home of Mrs. Merritt. During
the evening he was the recipient of a
fine leather bound Bible, presented
him by the members of the Y. P. S.
C. E., and an elegant Odd Fellows
ring, presented by his many gentle-
man friends.

A tailor by the name of Baker, in a
fit of delirium tremens, jumped from
a third story window of the New
Commercial Hotel, on Wednesday
morning, to the ground, a distance of
some 40 feet. He was picked up in
an insensible condition, but is now in
a fair way to recovery. Baker had
recently arrived from Duluth, having
worked in the various shops in this
city during the summer.

Dolph Hartley has resigned his
position at the Arlington and is again
at work for the Simpson lumber com-
pany at their warehouse.

Howard Currie, one of the most
popular engineers in the Northern
Pacific service, has been visiting
Brainerd friends this week.

Mrs. H. Thewit, No. 16 Front
street, has the largest assortment of
millinery goods, and sells hats and
bonnets cheaper than the cheapest.

Charles Searles, ticket and freight
agent at Missoula, Mont., for the
Northern Pacific, has been visiting
his parents here for some days this
week.

The Ladies Aid Society of the
Presbyterian Church will give a sup-
per at the Y. M. C. A. parlors on
Tuesday evening, Oct. 27. All are
cordially invited.

Divine worship in the Presbyterian
church next Sunday at 10:30 a. m.,
and 7:30 p. m., conducted by the Rev.
W. H. Ware, pastor. The public
cordially invited to attend.

Judge Fleming went to St. Paul
yesterday morning to meet Mrs. Flem-
ing and daughter, who have been
visiting at Peoria, Ill., for some weeks.
They will return this evening.

Geo. F. Burton has decided to move
his family to Aitkin and will take
them there in a short time. Mr. Bur-
ton is now engaged in the lumber
business four miles from that place.

It is reported by the Lumberman
that Mrs. D. J. Knox, widow of Hon.
D. J. Knox, who was long identified
with the lumber business at Aitkin,
has gone to Butte, Mont., where she
is to put in a group of greenhouses
for market gardening on an extensive
scale.

The residence of Dr. Roberts' came
very near going up in smoke Monday
morning. Only for the presence of
mind of Mrs. Roberts the house would
have burned; as it was but one room
was burned out, causing a damage of
about \$100 in clothing and furniture.
The loss is covered by insurance.—
Little Falls Herald.

The Herald says John Kennedy,
recently of West Duluth, formerly of
Brainerd, is in Little Falls, with the
intention of locating a clothing and
dry goods establishment should the
field look favorably. Mr. Kennedy is
a hostler and should be able to con-
clude to locate in Little Falls will undoubtedly
get his share of business.

A farewell reception was tendered
Rev. and Mrs. J. W. Frizzell at the
residence of Mr. and Mrs. J. N. Nev-
ers on Tuesday evening, previous to
their departure for Waseca, Minn.,
from which place the gentleman has
accepted a call to the pastorate of the
First Congregational Church. The
evening was very pleasantly spent,
refreshments were served, and the
party dispersed about 11 o'clock. Mr.
Frizzell and his estimable wife leave
many friends in Brainerd, who wish
them success in their new field of la-
bor.

Notice to Delinquents.
A long list of delinquent subscrib-
ers have been favored with statements
of their accounts during the past few
days. The list has been made out in-
respect of persons, and it is hoped
a general response will be made. In
some cases the accounts run over a
period of several years, and the ne-
cessity of our asking a settlement can
readily be seen. We must have our
pay.

The Council's Work.
The city council met in regular ses-
sion on Monday evening with a full
board excepting Ald. Lagerquist.
After reading and approving the
minutes of the last meeting, the city
clerk proceeded to read the resigna-
tion of Wm. Barron, chief of police,
which was immediately accepted.
Following this came a communication
from Mayor Hagberg, making ap-
pointments as follows:
Alf. Brockway, chief of police.
Moses Derocher, police captain.
Wm. Barron, police officer.
The appointments were confirmed
by the council.

A communication from Mayor Hag-
berg, stating that Magdalena Robin-
son had offered to take \$55 for five
years' rental of electric light poles if
paid in advance, was read and a mo-
tion made that the proposition be ac-
cepted, which was carried by vote.
The city has heretofore been paying
\$72 for the same in monthly instal-
ments.

The electric light committee re-
ported that N. Heller had been ap-
pointed assistant engineer.

The following bills were allowed:
C. E. Peterson, \$18 58
J. E. Fritz, 3 00
Brainerd Dispatch, 7 25
Brainerd Tribune, 21 75
N. W. Electric Light Co., 41 97
First National Bank, 10 00

The street commissioner's re-
port, and recommended that it be
accepted, and his salary of \$58.50,
paid, also that the pay roll of \$31.50,
street employees, be paid.

A motion was made and carried
that all work on street grading be
stopped, and that the sidewalks and
crossings be repaired at once.

A motion was made and carried
that the matter of laying water mains
on Sixth and Pine streets, be laid over.

The city prison was ordered to be
white washed on recommendation of
the board of health.

The offer of the county to loan the
city a safe was accepted.

On motion P. G. Fogelstrom was
reimbursed to amount of \$7.50 on ac-
count return of star, etc., to city clerk.

The matter of laying a sidewalk
from old planks from the corner of
Third and Prescott streets to N. W.
corner of school lot, was left with the
street committee to report the cost at
next meeting.

A resolution in regard to the pro-
posal of the county commissioners for
laying sewer pipe from Sixth street
on Main to the jail, at a cost of \$682,
half (\$341) to be paid by the City of
Brainerd, was read and on motion
adopted a unanimous vote.

The council then adjourned.

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 17, 1889.

Royal Baking Powder
ABSOLUTELY PURE

Vanished in a Single Night.

There were many people who stroll-
ed leisurely into the Cale building
Sunday morning for their mail as
they had been in the habit of doing
every morning for the past five or six
years, and were much surprised to
find that the post-office part of the
institution had been transferred to
other quarters. In fact the removal
had been so quietly and secretly done
that some imagined it had strayed or
been stolen. Upon investigation it
was found that Postmaster Durham
had, according to instructions from
headquarters, but without notifying
the public, moved the outfit to the
Slipp-Atterton block on Front street,
next door to Hoffman's bazaar. The
work of removal began at 11 p. m.,
Saturday night last, and at 6 a. m.,
Sunday morning the post-office force
was ready to hand out the letters and
papers to the many patrons of that
institution.

In case of this kind where the
public is generally interested there
is always a division of sentiment, and
in this matter there was no exception
to the rule. The people in the block
where the office had been and the
block below it, felt that they had not
been used in a manner which they
deserved, while those in the district
where the new location was were
elated.

As a matter of fact the manner in
which the removal took place was in-
dignified to say the least. There was
no occasion to keep the public in
ignorance of the intended change.
If the government had rented a new
location it was the business of the
postmaster to notify, by bulletin, the
people, and we think that Mr. Durham
himself will not deny it. However, as
far as the DISPATCH is personal con-
cerned, the location suits us as well
as the old one, and we think will also
the general public after they become
accustomed to the change. There
will at least be no improvement which
will be appreciated—the absence of a
gang of kids and a crowd of men
standing around the entrance which
were drawn to the old place by the
newsstand and confectionery store in
front. But whether this will be of
set by the saloon next door remains
to be seen.

Deerwood News.

Mrs. George Merriott, of Brainerd,
has been here visiting relatives. She
returned home Sunday night last.

It is said that the railroad company
intend to build a new pump house at
this place soon.

The potato digger has been favored
with fine weather this week, for which
he is thankful.

The Swedish student of divinity, E.
Floren, of Brainerd, was here Satur-
day and held divine services.

Last Sunday many young men from
the neighboring towns were here
hunting, and the shooting was heard
the whole day. Would it not be far
better if they stayed at home and went
to church?

Rev. O. J. Wagnild, of the Nor-
wegian Lutheran church, of Brainerd,
was here Tuesday afternoon, 6th,
accompanied by Rev. Moen, of Otter-
tail county, who preached a splendid
sermon.

Mr. Roberts had the misfortune to
lose one of his oxen last week. The
ox had fastened in a mud hole, and
when found was dead, most likely from
hunger. FARMER BOY.

The First Night's Performance at the
Princess.

The Wilson Dramatic Co. opened a
week's engagement at the Princess
opera house last night. The audience
was a large one, both parquette and
circle being fully occupied and the
galleries were filled, and this on a wet
and miserable day too. The Diamond
Mystery is full of striking situations
and startling climaxes. A diamond
necklace has been stolen and a pair of
lovers have been suspected of the
crime which, of course, they never
committed. There are two or three
villains and a comic lawyer, the lat-
ter, with the aid of good looking
soubrette, finally track the thieves
down and bring them to justice, the
villains are defeated, sent to jail, and
all ends happily. Interwoven with
the whole, and to give color to certain
scenes, some variety business is in-
troduced, which evoked considerable
applause and not a few encores, three
of which were given to a charming
little girl—Little Dot Farley, who
sings and dances very prettily. With
the drolleries of Desdon and Amaden
still ringing in their ears, the audience
was inclined to be a little cold; no
wonder the first set dragged, but
what but the performers gradually
warmed to their work and brought
the piece to an effective close. Mr.
J. V. Melton was a manly looking
lover, Miss Pearl Hight, a portly
soubrette who sings very sweetly;
a comic lawyer, Mr. Ed. O'Connor,
created much amusement; an irrepre-
sible Irishwoman, Miss Alma Farley,
and a dandy, Mr. Williams, in two
characters. Mr. Percy Macleod,
a creditable villain; Miss C.
Dahl, a ladylike Mrs. Hildebrand,
and Miss Jennie McAlpine, who, if she
will slightly moderate the heroics,
will make a pleasing actress, and
perhaps a favorite. "A Farmer's
Daughter" will be put on to-night,
a story of pastoral life and mistaken
love. On Wednesday "The Ranch-
King" is booked, so that all tastes
have been catered to.—Manitoba Free
Press, Sept. 29th, 1891.

A Letter From North Dakota.

CARRINGTON, N. D., Oct. 20, '91.

EDITORS DISPATCH.—According to
general supposition the state of
North Dakota is a cold and bleak part
of the country. Nevertheless she has
been blessed with a most wonderful
wheat crop, besides all other grains.
For four years past the farmers have
almost disappeared, having but very little
to look at after separating the grain
from the piles of straw that decked
his fields. This year has brought a
change, the weather has been very
favorable and brought the grain
rapidly to the front, except with some
of the later seed, which caught the
early frosts while yet standing and
unripe. A tour of Foster county will
unveil the grandeur of the scene to
the spectator, when he sees the fields
for miles full of the golden shocks.
The weather for the past two weeks
has been better than could be expected
for the threshers, yet even with
persistent efforts on their part, and
good weather to work, it is doubtful
if the machines will cover the ground,
there being such an enormous yield.
The first threshed yielded 30 bushels
per acre, the second 35, the third 35,
and kept going up, 'til now several
farmers have threshed 45 and 50
bushels per acre, and of the very best
quality.—No. 1 Hard. The average
yield of the county at present is from
25 to 30 bushels per acre.
The value of this enormous crop is,
perhaps, better appreciated when we
know that it has been grown on land
that cost its owner almost nothing,
and until now has sold for \$5 per acre.
The wheat crop this year is worth
many times the value of the land.
Senator Casey has over 2,500 acres of
wheat in a body in the southern part
of this county, and figured on storage
room for about 47,000 bushels, but he
now thinks he will have at least 70,
000 bushels.

The sportsmen in this vicinity find
the best hunting in the state, every
morning train bring members of the
business class from the eastern cities
to enjoy a few weeks of recreation
among the green hills. I have been out
several times since living in Carrington,
to pay a visit to these fine birds,
and have only driven three miles from
town before my gaze was met by a
field of stubble literally covered with
white geese. If the wind blows a lit-
tle all one has to do is to scud him-
self in a shock or straw stack and
when they fly over him he will get
plenty of good shooting. I have
known people here to shoot their
weight in a day, while sitting in a buggy.
The sportsman is sufficient to make one like the
country. On one occasion when we
were out goose hunting, we stopped
for dinner where we saw a gentleman
just finish threshing a 200-acre field
of oats that he told us had yielded
him 70 bushels to the acre.

Carrington is the chief market
center for grain in this county, having
two elevators, one the property of the
Northern Pacific and the other to the
Northern Elevator Co. It is a com-
mon sight to see wagons holding over
100 bushels and drawn by four horses,
pull up to the great store-house and
have their wheat exchanged for cash,
which price ranges, according to the
grade of the wheat and the Duluth
markets, from 52 to 55 cents a bushel.
Foster county, although it is small,
having but 18 school townships, will
have nearly 700,000 bushels of wheat
this year, besides a large crop of oats,
barley and rye. Reports highly fa-
vorable are coming in from all parts
of the state. It is a joyful "Harvest
Home" for North Dakota, and the
whole Northwest rejoices with her.
A few such crops as the state has had
this year will make the farmer the man
that holds the wealth.

Very truly yours,

W. G. PERCY.

the new location of the post-office, and
is fitting the same up for the reception
of his harness shop which will be
moved there as soon as convenient.
B. Whitford will also occupy half of
the building with his tailoring estab-
lishment.

C. H. Douglas returned from Cassel-
ton, Dakota, this morning where he
has been for some time. He says that
men are very scarce in that region and
that wages are from \$2 to \$2.50 per
day and board. Threshing is going
on rapidly, but the scarcity of laborers
is retarding the work, and that from
two to three thousand men could find
employment there.

There are several rumors rife in re-
gard to the train service to be inau-
gurated Nov. 1st, at which time the

Geo. F. Burton has decided to move
his family to Aitkin and will take
them there in a short time. Mr. Bur-
ton is now engaged in the lumber
business four miles from that place.

It is reported by the Lumberman
that Mrs. D. J. Knox, widow of Hon.
D. J. Knox, who was long identified
with the lumber business at Aitkin,
has gone to Butte, Mont., where she
is to put in a group of greenhouses
for market gardening on an extensive
scale.

The residence of Dr. Roberts' came
very near going up in smoke Monday
morning. Only for the presence of
mind of Mrs. Roberts the house would
have burned; as it was but one room
was burned out, causing a damage of
about \$100 in clothing and furniture.
The loss is covered by insurance.—
Little Falls Herald.

The Herald says John Kennedy,
recently of West Duluth, formerly of
Brainerd, is in Little Falls, with the
intention of locating a clothing and
dry goods establishment should the
field look favorably. Mr. Kennedy is
a hustler and should be able to con-
clude to locate in Little Falls will undoubtedly
get his share of business.

A farewell reception was tendered
Rev. and Mrs. J. W. Frizzell at the
residence of Mr. and Mrs. N. N. Ne-
vers on Tuesday evening, previous to
their departure for Waseca, Minn.,
from which place the gentleman has
accepted a call to the pastorate of the
First Congregational Church.

The evening was very pleasantly spent,
refreshments were served, and the
party dispersed about 11 o'clock. Mr.
Frizzell and his estimable wife leave
many friends in Brainerd, who wish
them success in their new field of la-
bor.

Notice to Delinquents.
A long list of delinquent subscrib-
ers have been favored with statements
of their accounts during the past few
days. The list has been made out ir-
respective of persons, and it is hoped
a general response will be made. In
some cases the accounts run over a
period of several years, and the ne-
cessity of our asking a settlement can
readily be seen. We must have our
pay.

The Council's Work.

The city council met in regular ses-
sion on Monday evening with a full
board excepting Ald. Lagerquist.
After reading and approving the
minutes of the last meeting, the city
clerk proceeded to read the resig-
nation of Wm. Barron, chief of police,
which was immediately accepted.
Following this came a communication
from Mayor Hagberg, making ap-
pointments as follows:

A. H. Brockway, chief of police.
Moses Deschamps, police captain.
Wm. Barron, police officer.

The appointments were confirmed
by the council.

A communication from Mayor Hag-
berg, stating that Magdalena Robin-
son had offered to take \$55 for one
year's rental of electric light poles if
paid in advance, was read and a mo-
tion made that the proposition be ac-
cepted, which was carried by vote.
The city has heretofore been paying
\$72 for the same in monthly install-
ments.

The electric light committee re-
ported that N. Heller had been ap-
pointed assistant engineer.

The following bills were allowed:
C. B. Thompson, \$18.58
J. E. Fritzer, 3.00
Brainerd Dispatch, 7.25
Brainerd Tribune, 2.75
W. Electric Light Co., 11.97
First National Bank, 10.00

The street committee reported fa-
vorably on the street commissioner's
report, and recommended that it be
accepted, and his salary of \$58.50 be
paid, also that the pay roll of \$31.50,
street employees, be paid.

A motion was made and carried
that all work on street grading be
stopped, and that the sidewalks and
crossings be repaired at once.

A motion was made and carried
that the matter of laying water mains
on Sixth and Pine streets, be laid over.

The city prison was ordered to be
white washed on recommendation of
the board of health.

The offer of the county to loan the
city a safe was accepted.

On motion P. G. Fogelstrom was
reimbursed to amount of \$7.50 on ac-
count return of star, etc., to city clerk.

The matter of laying a sidewalk
from old plank from the corner of
Third and Prescott streets to N. W.
corner of school lot, was left with the
street committee to report the cost at
next meeting.

A resolution in regard to the pro-
posal of the county commissioners for
laying sewer pipe from Sixth street
on Main to the jail, at a cost of \$882,
half (\$341) to be paid by the City of
Brainerd, was read and on motion
advised a unanimous vote.

The council then adjourned.

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 17, 1889.

Royal Baking Powder
ABSOLUTELY PURE

Vanished in a Single Night.

There were many people who strolled
leisurely into the Cafe building
Sunday morning for their mail as
they had been in the habit of doing
every morning for the past five or six
years, and were much surprised to
find that the post-office part of the
institution had been transferred to
other quarters. In fact the removal
had been so quietly and secretly done
that some imagined it had strayed or
been stolen. Upon investigation it
was found that Postmaster Durham
had, according to instructions from
headquarters, but without notifying
the public, moved the outfit to the
Shipp Atherton block on Front street,
next door to Hoffman's bazaar. The
work of removal began at 11 p. m.,
Saturday night last, and at 6 a. m.,
Sunday morning the post-office force
was ready to hand out the letters and
papers to the many patrons of that
institution.

In case of this kind where the
public is generally interested there
is always a division of sentiment, and
in this matter there was no exception
to the rule. The people in the block
where the office had been and the
block below it, felt that they had not
been used in a manner which they
deserved, while those in the district
where the new location was were
elated.

As a matter of fact the manner in
which the removal took place was in-
discreet to say the least. There was
no occasion to keep the public in ig-
norance of the intended change. If
the government had rented a new
location it was the business of the
postmaster to notify, by bulletin, the
people, and we think that Mr. Durham
himself will not deny it. However, as
far as the DISPATCH is personal con-
cerned, the location suits us as well
as the old one, and we think will also
the general public after they become
accustomed to the change. There
will at least be one improvement which
will be appreciated—the absence of a
gang of kids and a crowd of men
standing around the entrance which
were drawn to the old place by the
newsstand and confectionery store in
front. But whether this will be of-
set by the saloon next door remains
to be seen.

Deerwood News.
Mrs. George Merriott, of Brainerd,
has been here visiting relatives. She
returned home Sunday night last.

It is said that the railroad company
intend to build a new pump house at
this place soon.

The potato digger has been favored
with fine weather this week, for which
he is thankful.

The Swedish student of divinity, E.
Floren, of Brainerd, was here Satur-
day and held divine services.

Last Sunday many young men from
the neighboring towns were here
hunting, and the shooting was heard
the whole day. Would it not be far
better if they stayed at home and went
to church?

Rev. O. J. Wagnild, of the Nor-
wegian Lutheran church, of Brainerd,
was here Tuesday afternoon, the 6th,
accompanied by Rev. Moen, of Otter
Tall county, who preached a splendid
sermon.

Mr. Roberts had the misfortune to
lose one of his oxen last week. The
ox had fastened in a mud hole, and
when found was dead, most likely from
hunger.

The First Night's Performance at the
Princess.

The Wilson Dramatic Co. opened a
week's engagement at the Princess
opera house last night. The audience
was a large one, both parquette and
circle being fully occupied and the
galleries were filled, and this on a wet
and miserable day too. The Diamond
Mystery is full of striking situations
and startling climaxes. A diamond
necklace has been stolen and a pair of
lovers have been suspected of the
crime which, of course, they never
committed. There are two or three
villains and a comic lawyer, the lat-
ter, with the aid of a good looking
soubrette, finally track the thieves
down and bring them to justice, the
villains are defeated, sent to jail, and
all ends happily. Interwoven with
the whole, and to give color to certain
scenes, some variety business is in-
troduced, which evoked considerable
applause and a few encores, three
of which were given to a charming
little girl—Little Dot Farley, who
sings and dances very prettily. With
the drolleries of Desdon and Amsten
still ringing in their ears, the audience
was inclined to be a little cold; no
wonder the first act dragged some-
what, but the performers gradually
warmed to their work and brought
the piece to an effective close. Mr.
J. V. Melton was a manly looking
lover; Miss Pearl Hight, a pert little
soubrette who sings very sweetly; a
comic lawyer, Mr. Ed. O'Connor,
created much amusement; an irres-
sible Irishwoman, Miss Alma Farley,
and a darkey, Mr. Williams, in two
character sketches. Mr. Percy Mac-
leod, a creditable villain; Miss C.
Dahl, a ladylike Mrs. Hildebrand, and
Miss Jennie McAlpine, who, if she
will slightly moderate the heroics,
will make a pleasing actress, and
perhaps a favorite. "A Farmer's
Daughter" will be put on to night, a
story of pastoral life and mistaken
love. On Wednesday "The Ranch
King" is booked, so that all tastes
have been catered to.—Manitoba Free
Press, Sept. 29th, 1891.

the building with his tailoring estab-
lishment.

C. H. Douglas returned from Cassel-
ton, Dakota, this morning where he
has been for some time. He says that
men are very scarce in that region and
that wages are from \$2 to \$2.50 per
day and board. Threshing is going
on rapidly, but the scarcity of laborers
is retarding the work, and that from
two to three thousand men could find
employment there.

There are several rumors in re-
gard to the train service to be in-
augurated Nov. 1st, at which time the
two through trains will be taken off.
One is a train will leave Fargo at
midnight, reaching Brainerd at 6 a.
m., for St. Paul, and going west the
train from St. Paul will arrive at 12:30
p. m. This will be an improvement
over the present service.

his family to Aitkin and will take
them there in a short time. Mr. Bur-
ton is now engaged in the lumber
business four miles from that place.

It is reported by the Lumberman
that Mrs. D. J. Knox, widow of Hon.
D. J. Knox, who was long identified
with the lumber business at Aitkin,
has gone to Butte, Mont., where she
is to put in a group of greenhouses
for market gardening on an extensive
scale.

The residence of Dr. Roberts' came
very near going up in smoke Monday
morning. Only for the presence of
mind of Mrs. Roberts the house would
have burned as it was but one room
was burned out, causing a damage of
about \$100 in clothing and furniture.
The loss is covered by insurance.—
Little Falls Herald.

The Herald says John Kennedy,
recently of West Duluth, formerly of
Brainerd, is in Little Falls, with the
intention of locating a clothing and
dry goods establishment should the
field look favorably. Mr. Kennedy is
a hystler and should he conclude to
locate in Little Falls will undoubtedly
get his share of business.

A farewell reception was tendered
Rev. and Mrs. J. W. Frizzell at the
residence of Mr. and Mrs. J. N. Nev-
ers on Tuesday evening, previous to
their departure for Waseca, Minn.,
from which place the gentleman has
accepted a call to the pastorate of the
First Congregational Church. The
evening was very pleasantly spent,
refreshments were served, and the
party dispersed about 11 o'clock. Mr.
Frizzell and his estimable wife leave
many friends in Brainerd, who wish
them success in their new field of la-
bor.

Notice to Delinquents.
A long list of delinquent subscrib-
ers have been favored with statements
of their accounts during the past few
days. The list has been made out re-
spective of persons, and it is hoped a
general response will be made. In
some cases the accounts run over a
period of several years, and the ne-
cessity of our asking a settlement can
readily be seen. We must have our
pay.

The Council's Work.

The city council met in regular ses-
sion on Monday evening with a full
board excepting Ald. Lagerquist.
After reading and approving the
minutes of the last meeting, the city
clerk proceeded to read the resigna-
tion of Wm. Barron, chief of police,
which was immediately accepted.
Following this came a communication
from Mayor Hagberg, making ap-
pointments as follows:

Alf. Brockway, chief of police.
Moses Derocher, police captain.
Wm. Barron, police officer.

The appointments were confirmed by
the council.
A communication from Mayor Hag-
berg, stating that Magdalena Robin-
son had offered to take \$55 for one
year's rental of electric light poles if
paid in advance, was read and a mo-
tion made that the proposition be ac-
cepted, which was carried by vote.
The city has heretofore been paying
\$72 for the same in monthly instal-
ments.

The electric light committee re-
ported that N. Heller had been ap-
pointed assistant engineer.
The following bills were allowed:
C. R. Thompson.....\$18 58
J. E. Fritzer..... 9 00
Brainerd Dispatch..... 7 25
Brainerd Tribune..... 21 75
N. W. Electric Light Co..... 41 97
First National Bank..... 10 00

The street committee reported fa-
vorably on the street commissioner's
report, and recommended that it be
accepted, and his salary of \$55.50 be
paid, also that the pay roll of \$31.50,
street employees, be paid.

A motion was made and carried
that all work on street grading be
stopped, and that the sidewalks and
crossings be repaired at once.

A motion was made and carried
that the matter of laying water mains
on Sixth and Pine streets, be laid over.

The city prison was ordered to be
white washed on recommendation of
the board of health.

The offer of the county to loan the
city a safe was accepted.

On motion P. G. Fogelstrom was
reimbursed to amount of \$7.50 on ac-
count return of star, etc., to city clerk.

The matter of laying a sidewalk
from old planks from the corner of
Third and Prescott streets to N. W.
corner of school lot, was left with the
street committee to report the cost at
next meeting.

A resolution in regard to the pro-
posal of the county commissioners for
laying sewer pipe from Sixth street
on Main to the jail, at a cost of \$682,
half (\$341) to be paid by the City of
Brainerd, was read and on motion
adopted a unanimous vote.

The council then adjourned.

Royal Baking Powder
ABSOLUTELY PURE

Vanished in a Single Night.

There were many people who stroll-
ed leisurely into the Cale building
Sunday morning for their mail as
they had been in the habit of doing
every morning for the past five or six
years, and were much surprised to
find that the post-office part of the
institution had been transferred to
other quarters. In fact the removal
had been so quietly and secretly done
that some imagined it had strayed or
been stolen. Upon investigation it
was found that Postmaster Durham
had, according to instructions from
headquarters, but without notifying
the public, moved the outfit to the
Shipp-Atterton block on Front street,
next door to Hoffman's bazaar. The
work of removal began at 11 p. m.
Saturday night last, and at 6 a. m.
Sunday morning the post-office force
was ready to hand out the letters and
papers to the many patrons of that
institution.

In case of this kind where the
public is generally interested there
is always a division of sentiment, and
in this matter there was no exception
to the rule. The people in the block
where the office had been and the
block below it, felt that they had not
been used in a manner which they
deserved, while those in the district
where the new location was were
elated.

As a matter of fact the manner in
which the removal took place was in-
discreet to say the least. There was
no occasion for the public in gen-
eral to know of the intended change.
If the government had rented a new
location it was the business of the
postmaster to notify, by bulletin, the
people, and we think that Mr. Durham
himself will not deny it. However, as
far as the Dispatch is personal con-
cerned, the location suits us as well
as the old one, and we think will do
the general public after they become
accustomed to the change. There
will at least be one improvement which
will be appreciated—the absence of a
gang of kids and a crowd of men
standing around the entrance which
were drawn to the old place by the
newsstand and confectionery store in
front. But whether this will be of-
set by the saloon next door remains
to be seen.

Deerwood News.

Mrs. George Merriott, of Brainerd,
has been here visiting relatives. She
returned home Sunday night last.

It is said that the railroad company
intend to build a new pump house at
this place soon.

The potato digger has been favored
with fine weather this week, for which
he is thankful.

The Swedish student of divinity, E.
Floren, of Brainerd, was here Satur-
day and held divine services.

Last Sunday many young men from
the neighboring towns were here
hunting, and the shooting was heard
the whole day. Would it not be far
better if they stayed at home and went
to church?

Rev. O. J. Wagnild, of the Nor-
wegian Lutheran church, of Brainerd,
was here Tuesday afternoon, 6th Oct.,
accompanied by Rev. Moen, of Otter
Tall county, who preached a splendid
sermon.

Mr. Roberts had the misfortune to
lose one of his oxen last week. The
ox had fastened in a mud hole, and
when found was dead, most likely from
hunger. FARMER BOY.

The First Night's Performance at the
Princess.

The Wilson Dramatic Co. opened a
week's engagement at the Princess
opera house last night. The audience
was a large one, both parquette and
circle being fully occupied and the
galleries were filled, and this on a
miserable day too. The Diamond
Mystery is full of striking situations
and startling climaxes. A diamond
necklace has been stolen and a pair of
long hair have been suspected of the
crime which, of course, they never
committed. There are two or three
villains and a comic lawyer, the lat-
ter, with the aid of a good looking
soubrette, finally track the thieves
down and bring them to justice, the
villains are defeated, sent to jail, and
all ends happily. Interwoven with
the whole, and to give color to certain
scenes, some variety business is in-
troduced, which evoked considerable
applause and not a few encores, three
of which were given to a charming
little girl—Little Dot Farley, who
sings and dances very prettily. With
the drooleries of Desdon and Amaden
still ringing in their ears, the audience
was inclined to be a little cold; no
wonder the first act dragged some-
what, but the performers gradually
warmed to their work and brought
the piece to an effective close. Mr.
J. V. Melton was a manly looking
lover; Miss Pearl Hight, a pert little
soubrette who sings very sweetly, a
comic lawyer, Mr. Ed. O'Connor,
created much amusement; an irrepre-
sible Irishwoman, Miss Alma Farley,
and a darkey, Mr. Williams, in two
character sketches. Mr. Percy Mac-
dahl, a ladylike Mrs. Hildebrand, and
Miss Jennie McAlpine, who, if she
will slightly moderate the heroics,
will make a pleasing actress, and
perhaps a favorite. "A Farmer's
Daughter" will be put on to-night, a
story of pastoral life and mistaken
love. On Wednesday "The Ranche
King" is booked, so that all tastes
have been catered to.—Manitoba Free
Press, Sept. 20th, 1891.
